ITEM	DISCUSSION/FINDINGS	Action by Whom and When
(1) <i>Welcome & Introductions</i>	Co-Chair Joel Rosch opened the meeting. All attendees introduced themselves.	
(2) Approval of Attendance/Minutes from Previous Meeting	Minutes from 1.23.09 were approved and will be posted on www.nccollaborative.org .	
(3) <i>Discussion Topics</i> 1. Minute-taking sign-up 2. Collaborative Strategic Priority Plan	<p>1. Minute-taking sign-up was passed around.</p> <p>2. Joel opened the Strategic Planning meeting buy giving history of the State Collaborative. For more information, refer to the charter of the group that is on the website: http://www.nccollaborative.org/intranet/downloadManagerControl.php?mode=getFile&elementID=221&type=5&atomID=106</p> <p>The following ideas were discussed regarding Priority #1, the items in BOLD have been added to the attached Strategic Planning document.</p> <p><u>Priority #1: Increase communication and support between local collaborative and State Collaborative.</u></p> <ul style="list-style-type: none"> -Moving the collaborative meetings around the state -Special evening meetings because people don't know it exists -message sent out on the list serve regarding who is active locally -connect with Covenant for Children, SCFAC, EC Advisory Committees - Erin from MHA gave an example of education being provided in PRTFs and how difficult it is to do IEP while youth are admitted to PRTFs, so is the point of the group to learn about these issues and take action? -are we a resource group for issues related to families? -suggestion to tie list serve information back to our priorities -check Charter for potential partners, agency partners and follow-up on involvement - do conference calls/meetings with local collaborative chairs; change format when we have people on the phone-have one area present and it is moderated by someone at SC i.e. what's working, what's not, once a quarter by region -look at data collected in terms of who is represented at local collaborative meetings and what other meetings the LME SOC Coords attend -need to find ways to communicate across the state -suggestion to do a survey of local community collaboratives -use online meeting format (GoTo meetings, Webinar, Webex) -better utilization of the website -way to communicate community innovations -social marketing overall- What the collaborative does and how it's important to you like a translation document (review of our marketing documents headed up by Membership committee) <p><u>Priority #2: Support Implementation of Child and Family Teams.</u></p> <ul style="list-style-type: none"> -focus of the training that we implement being geared towards families as well so that there is more information out there for parents about what to expect; a lot more education is needed for families on CFTs -online training modules -utilize training organized by the Training committee to improve quality of CFTs -support communities trying to implement Care Review processes -social marketing- prepping families for CFTs, how does it exist in the system -discussion around the limits of CFT implementation and needing to be

	<p>at a different developmental stage before we address this -agency partners work with Universities to prepare for SOC implementation -integration of IEPs and CFTs specifically-how is teacher involved</p> <p>We did not finish going through the Strategic Plan...the will continue at the next meeting.</p> <p>Other updates/topics of conversation: -concern about what resources we have how little integration there is -DSS reported that Alamance, Bladed and Mecklenburg saw increased participation of informal supports when a Family Partner was involved in the CFT. Data also showed an increased understanding of what a CFT is. -People have a hard time understanding what we're talking about (related to SOC and the State Collaborative) so important to always educate and disseminate. Utilize the Charter to better understand. -Alamance example- Medicaid case management (Carolina Access) working with SAMHSA to figure out better ways to serve children (health, mental health, schools, etc) and discussing the CFT model.</p>	
<p>(4) Work Group & Partner Updates</p>	<p>There were no work group updates at this meeting.</p>
